

PRESS RELEASE

Jorge Sendagorta Cudós, new Managing Director of Engineering and Construction for the SENER group

Madrid (Spain), July 5, 2018 - The engineering and technology group [SENER](#) has appointed Jorge Sendagorta Cudós to be head of the Engineering and Construction area. He was, until now, the Country Manager of SENER in Mexico.

SENER's Engineering and Construction area, which will be managed by Jorge Sendagorta Cudós, comprises three Business Units: Infrastructure and Transport; Renewables, Power, Oil & Gas; and Marine. It has branches in Algeria, Argentina, Brazil, Canada, Colombia, South Korea, Chile, China, United Arab Emirates, Spain, USA, Morocco, Mexico, Portugal, UK, and South Africa.

Jorge Sendagorta Cudós joined SENER in October 2012 in the energy sector. He worked as Assistant Project Manager in the biomass plant for ENCE in Mérida (Spain). Later, he was the Project Manager for the Liquefied Natural Gas (LNG) terminal in the Zeebrugge Port (Belgium). In 2015, he was appointed as SENER Country Manager in Mexico, one of SENER's main offices in the area of Engineering and Construction, with nearly 500 employees. During its time in Mexico, SENER has undertaken several major projects, such as the Toluca - México City intercity train, Line 3 of the Guadalajara metro, the Empalme I and Agua Prieta I combined cycle plants, two cogeneration plants for CYDSA, the TG-8 Madero project at the Francisco I Madero refinery, and the Afranrent cogeneration plant for Cryoinfra, among others.

Before joining SENER, Jorge developed his professional career at Fomento de Construcciones y Contratas (FCC) as Director of Purchasing and Subcontracts of the Guzmán and Villena solar thermal power plants, and as Project Manager of the latter. Previously, he worked for General Electric on the Lexan and Ultem projects in Cartagena (Spain) and Bergen Op Zoom (Holland).

Jorge Sendagorta Cudós holds a Degree in Industrial Engineering from ICAI School of Engineering (Madrid, Spain) with a major in Mechanical Engineering. He also has a Master of Science in Mechanical Engineering from the University of California (Berkeley, California, USA). Finally, he has a Master Executive in Business Administration (EMBA) from the IESE Business School of Madrid (Spain).

About SENER

SENER is a private engineering and technology business group founded in 1956. Its aim is to offer its clients the most advanced technological solutions and to achieve international recognition based on its independence and commitment to innovation and quality. SENER has more than 2,500 professionals across its centres in Algeria, Argentina, Brazil, South Korea, Canada, Colombia, Chile, China, the United Arab Emirates, Spain, the United States, Morocco, Mexico, Poland, Portugal, the United Kingdom and South Africa. The group's operating revenue exceeded 766 million Euros (2017 data).

SENER brings together its own Engineering and Construction activities with industrial holdings in companies working in the field of Energy & Environment and Aerospace. In the field of Engineering and Construction, SENER has become a leading company worldwide in the fields of Infrastructure and Transport; Renewables, Power, Oil & Gas; and Marine.
